

SHIVEE JAISWAL

PRE FINAL YEAR B.E. STUDENT

I am an Information Science and Engineering student deeply immersed in the world of data structures using Java. With a passion for web development, I've honed my skills in front-end technologies like HTML, CSS, and JavaScript. Through projects like an e-Bike website, I've showcased my web development skills. An enthusiastic team player and problem solver, I am committed to pushing the boundaries of technology and seeking opportunities to apply and expand my knowledge.

SKILLS

Web Development
Java programming
C programming
Python

EDUCATION

B.E.

Information Science and Engineering

Nitte Meenakshi Institute of Technology, Bangalore. 2021 - 2025

EXPERIENCE

WEB DEVELOPMENT INTERN

bharatinern (ongoing)

As a web development intern at BharatIntern, I gained hands-on experience in front-end development. While working on the projects, I contributed to creating and enhancing web applications, solidifying my skills in HTML, CSS, JavaScript. It was an invaluable learning experience in a real-world development environment.

PROJECTS

1. AN E-BIKE WEBSITE

A web project based on HTML and CSS. This website offers a user-friendly experience for e-Bike enthusiasts, featuring a curated collection of electric bikes and detailed product information.

2. A CHAT APPLICATION

A client-server chat application based on java swing and used socket package. It required core java knowledge. It is made up of two applications, the client application and the server application.
